SDG 16: Peace, Justice and Strong Institutions – *Promoting Accountability, Institutional Integrity, and Inclusive Governance at Brainware University*

About SDG 16

Sustainable Development Goal 16: Peace, Justice, and Strong Institutions calls for the promotion of peaceful and inclusive societies, access to justice for all, and the building of accountable institutions at every level.

For Brainware University, this goal defines the foundation of its academic culture and administrative philosophy — to foster justice, ethical leadership, and transparent governance across education, research, and community life.

The University functions through a participative governance structure that ensures every policy, appointment, and academic action is rooted in accountability, fairness, and respect for human dignity.

Institutional Framework for Governance and Integrity

Brainware University’s governance ecosystem aligns with the UGC and NAAC Quality Assurance frameworks.

The Office of the Registrar (HR & Quality) anchors institutional compliance, while the Internal Quality Assurance Cell (IQAC) continuously monitors academic and administrative quality.

Rule of Law and Justice Education

A. School of Law: Education for Social Justice

The School of Law, Brainware University, serves as a living laboratory for justice education. Its pedagogy blends legal theory with practical exposure through moot courts, internships, and legal aid outreach.

- Annual Legal Aid Camps: Conducted across five rural blocks, assisting over 400 beneficiaries in 2023–24.
- Moot Court Society: Organized 3 intra-University and 2 inter-University moot court competitions.
- Legal Awareness Drives: In collaboration with the Barasat District Court and local NGOs, focused on women’s rights, cyber laws, and environmental justice.

Institutional Ethics, Transparency, and Accountability

Brainware University maintains a strict code of conduct, integrated into the BWU Ethics Charter (2023), ensuring transparent and fair operations.

Ethical Mechanism	Scope
Transparency Portal	Public access to policies, minutes, circulars
Faculty Appraisal System (API)	Digital assessment for promotions
Anti-Plagiarism Policy	15% similarity threshold enforced
Whistleblower Mechanism	Anonymous reporting of misconduct
Student Grievance Portal	24x7 online grievance filing and tracking
Open Data on Governance	Quarterly data reports on HR and IQAC

These frameworks ensure public trust, accountability, and credibility in University operations — aligning perfectly with SDG 16.6 (effective, accountable institutions) and SDG 16.10 (public access to information).

Civic Engagement and Peace Education

- NSS Peace Drive (Dec 2023): 250 students joined a community dialogue on peacebuilding and interfaith harmony.
- Youth Parliament 2023: Simulated national-level governance debate with participation from 15 departments.

Alignment with National Frameworks

Brainware University's SDG 16 actions align with:

- National Education Policy (NEP 2020) – for outcome-based and ethical higher education.
- UGC's Good Governance Guidelines (2021).
- National Legal Services Authority (NALSA) framework for community legal awareness.

Conclusion

Brainware University's commitment to Peace, Justice, and Strong Institutions is not confined to the classroom. It is embedded in governance, teaching, and the very ethics of administration.

Brainware University SDG Annual Report 2023-24

By blending technology with transparency and law with empathy, the University continues to strengthen its role as a beacon of ethical education and institutional accountability — ensuring justice and fairness remain integral to its growth.
